

# BEEKEEPING TRAINING

## BETHUADAHARI COLLEGE

BETHUADAHARI, NADIA

Seven months is the schedule time for Beekeeping training:

We have to take twenty six classes in seven months (Thirty weeks) to teach the beekeeping training among students.

Total Marks: 60

Theory: 30

Practical: 30

The syllabus for Beekeeping training is given below:

1. To give a fair idea about beekeeping among students.
2. Concepts about the environment and selecting the appropriate place for beekeeping.
3. Introducing the necessary materials for this beekeeping procedure among the trainee students.
4. Watching boxes and artificial honeycomb for beekeeping.
5. The students will be taught the procedure of placing female bees in the middle of the box.
6. Keep balance of queen and workers bees inside the artificial honeycomb box.
7. The bees should be brought to the centre of the honeycomb box as needed to keep balance inside the honeycomb box.
8. To teach how to serve food to bees.
9. To teach how to apply medicines needed for bees.
10. When the female bees start to make honeycomb, we need to learn how to collect honey.

### **Resolutions taken by board of studies:**

For seven months training period, we make a contract with a private company of Chitrasali (Chowdhury Bee Honey Culture) to make students self-reliant at our Bethuadahari College. We must take at least four classes in one month during the seven months schedule time for student's training. We must distribute training certificates among the students after completing the training period and the examination procedure. We are applying that after completing the seven months training, we will evaluate the students correctly and distribute the certificates on the basis of the student's result. Pass Mark is 24.
